

SCRAMBLE NET SIZES & CONFIGURATIONS

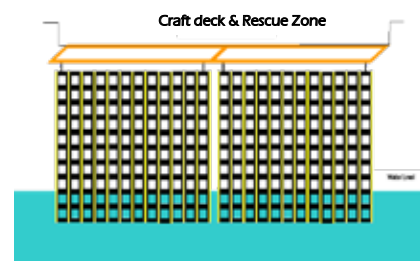

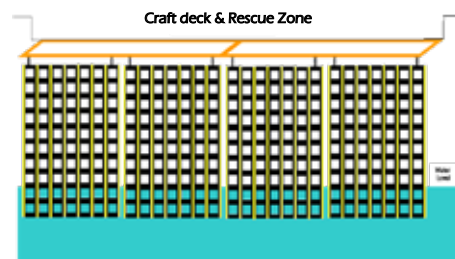

Our bespoke service offers the flexibility to meet all of your requirements by tailoring the Jason's Cradle® system to suit any vessel.

Scramble Nets are also available in a wide range of standard stock sizes.

This artist's impression of the Bourbon Evolution 800 series IMR vessel shows how four 2.1 metre wide Jason's Cradle Scramble Nets are used side by side to achieve a large Rescue Zone.

These Guido Perla designed Bourbon MPSV's are the latest of the new fleet of high specification Bourbon vessels to be fitted with the Jason's Cradle Scramble Net as standard equipment.
